**DETAILED ACTION**

1. This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims 1-12.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims is the inclusion of the feature of a charge transport interference sub-layer in the inside of the charge transport layer in an organic electroluminescent device which is not anticipated nor rendered obvious over the prior art of record. The prior art made of record Hung et al. ((U. S. Pat. 6,208,075) discloses a layer 306 located exterior to the charge transport layer and in between the charge transport layer 312 and an electrode 304, but does not disclose the layer 306 being inside the charge transport layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
